

# ALBERT EDEN NEIGHBOUR- HOOD ARTS

# WHAT IS IT?

An initiative by the Albert-Eden local board that aims to see events and projects that do the following:

- happen across the local board area
- engage with and reflect the diverse population of the area
- activate public spaces, streets, parks, town centres, and empty shops;
- demonstrate partnership with other local arts or community organisations;
- involve local schools
- include a diverse range of art forms.

# WHAT DO WE MEAN BY “NEIGHBOURHOOD ARTS” ?

- all sorts of arts forms that involve some sort of creative expression
- projects that happen in local neighbourhoods, and with local people involved
- some projects emphasise collaborations between artists and community groups
- some projects happen in places that are not traditionally art spaces
- projects still have an emphasis on quality, but this may be looked at a different way; i.e. it may be an excellent quality process of creating the artwork.
