

Kai Auckland is a movement for all Aucklanders that aims to create a more equitable, sustainable and localised food system. Kai Auckland is made up of individuals and organisations who are growing food locally, improving access to good food, and sharing knowledge about growing and using food.

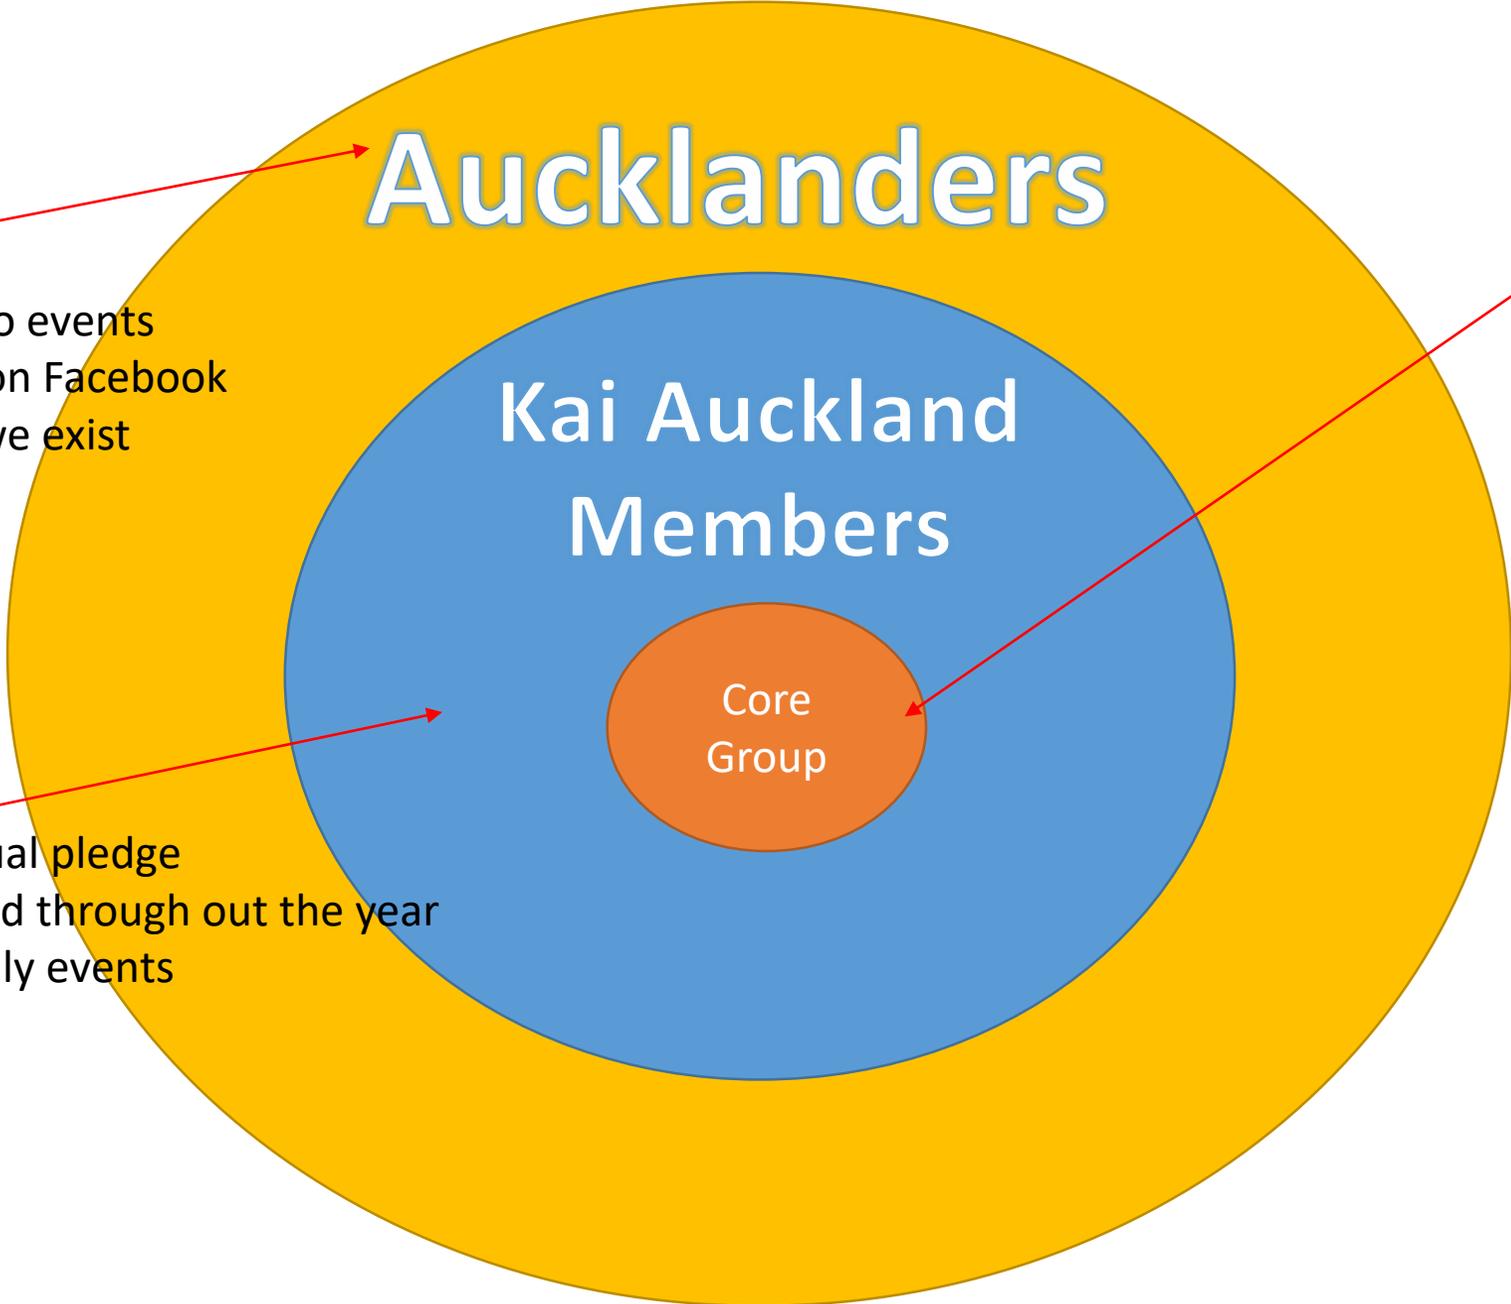

Where did we come from

- Auckland Council's response to 14/21 Local Boards having Community Gardening initiatives in their plan
- Quickly became about community food initiatives
- Involved lots of broad community engagement
- Devolved in Dec 2015 to community

Where are we going

- Totally volunteer based
- Took a while to find our feet
- About changing the food system
- Annual hui
- Yearly membership
- “Open to all” events

Aucklanders

People keen to come to events
Read about our ideas on Facebook
Tell their friends that we exist

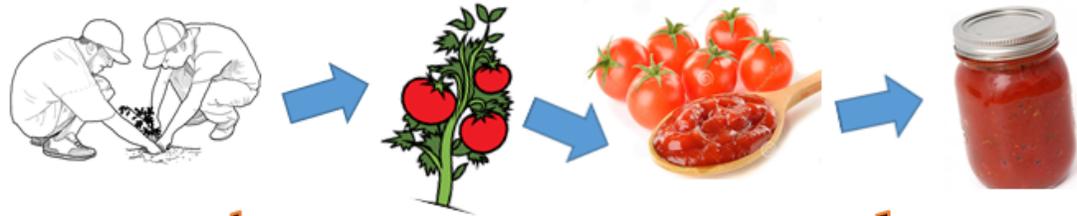

Kai Auckland Members

Core Group

Members make an annual pledge
and are actively involved through out the year
and attend members only events
Pledges:
Financial
Skills based
Behaviour change

Endorsed at
hui, meet
regularly
throughout
the year to
make ideas
and events
happen.
Currently
between 7 -
15 people

Kai Auckland presents:

The tomato movement

Most people have a can of tomatoes in their cupboard – do you know that they will not have been grown here in New Zealand?
Over Spring and Summer join the tomato movement, propagate, plant, harvest and bottle Auckland grown tomatoes.

How can you get involved?

Propagate: Contact us now to be part of planting and propagating – we want 2000 seedlings (Wednesday and Saturday afternoons)

Distribute: On Saturday 22nd October, Labour Weekend we will be wanting to distribute seedlings – are you interested in being a distribution point?

Plant & Grow: As many of us as possible plant in our gardens over summer – ready for harvest

Harvest & bottle: Help run and be part of a series of late summer workshops

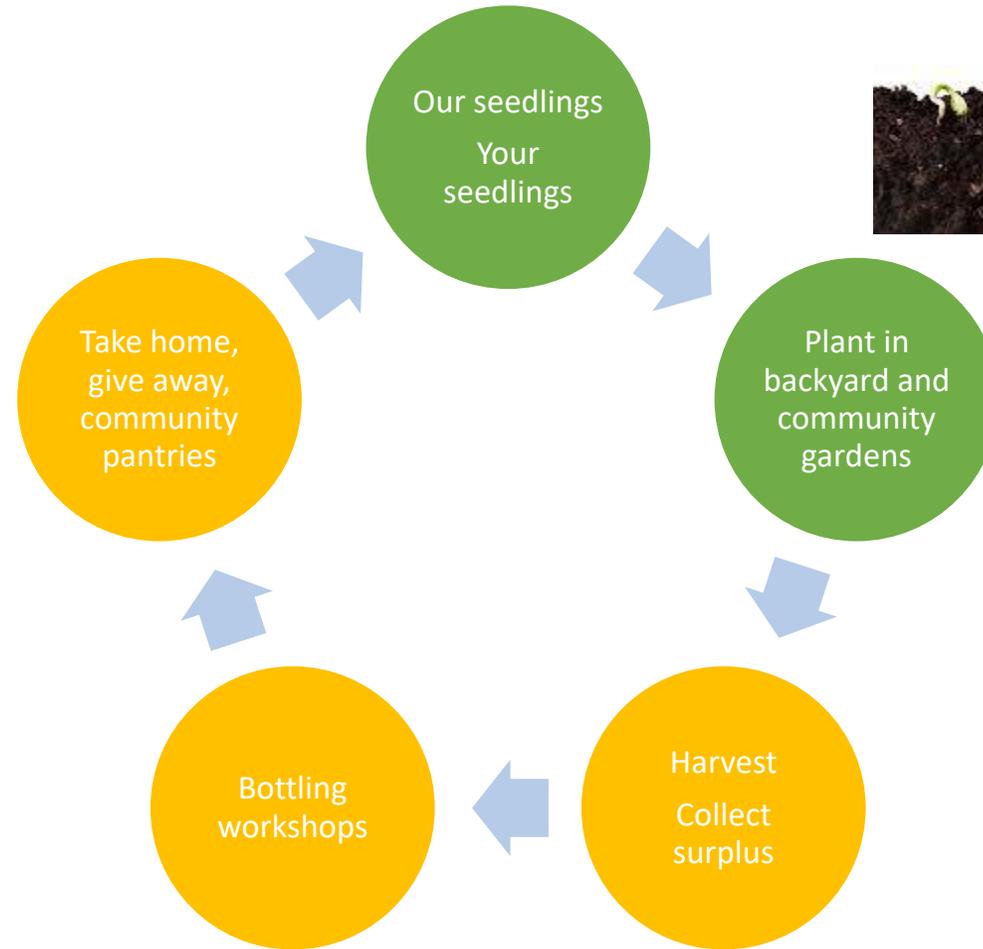

& Sunday hui

Kai Auckland wants to get as many of you involved in our planning for 2017. We are holding a afternoon hui on Sunday 13th November, Fickling Centre Three Kings with focus areas covering: urban farming, online tools and policy and campaigning.
Plus a panel discussion and a shared afternoon tea. Save the date and register your interest now !!!!
